AUSTRIAN PINE  
*Pinus nigra*
Large conifer with long, dark green needles. Well-adapted to Utah. Smaller, more compact selections are available. Pictured above is ‘Arnold Sentinel’.
**Zones:** 5-8  
**H x W:** 50-80’ x 25-40’

BUR OAK  
*Quercus macrocarpa*
Very large deciduous tree with interesting fringed acorns. Well-adapted to alkaline soils and drought conditions.
**Zones:** 3-8  
**H x W:** 70-90’ x 60-80’

GAMBEL OAK  
*Quercus gambelii*
Grows in dense clumps or stands and spreads through root sprouts. Good for slopes and tough, dry sites. Native.
**Zones:** 4-8  
**H x W:** 20-30’ x 15-20’

**KEY TO SYMBOLS**

- full sun
- part shade
- full shade
- very little water
- low water
- moderate water

**Note:** water plants regularly after planting until root systems are well-established then reduce watering.

‘HOT WINGS’ TATARIAN MAPLE (*Acer tataricum*)
RUSSIAN HAWTHORN
*Crataegus ambigua*
This small tree is smothered with flowers in the spring, followed by red fruit and golden fall color. Very drought tolerant once established. **Zones:** 4-9 **H x W:** 16-20' x 12-16'

‘HOT WINGS’ TATARIAN MAPLE
*Acer tataricum* ‘Hot Wings’
Brilliant red samaras look like flaming flowers in summer. Attractive small tree with showy fall color. **Zones:** 4-10 **H x W:** 15-18' x 15-18'

HONEY LOCUST
*Gleditsia triacanthos*
Shade tree. Tolerant of cold, drought, salt and alkaline soils. **Zones:** 4-8 **H x W:** 30-35' x 30-35'

COLUMNAR JUNIPER
*Juniperus scopulorum*
Many columnar forms of this tough and adaptable native are available. **Zones:** 3-9 **H x W:** variable

CRABAPPLE
*Malus* spp.
Crabapples are excellent small trees for borders or street trees. Newer cultivars have persistent fruit that hold to the tree instead of falling on sidewalks or patios. Stunning spring flowers. **Zones:** 3-9 **H x W:** 15-25' x 15-25'

PINYON PINE
*Pinus edulis*
This slow-growing native pine is very drought tolerant, has nice blue-green needles and edible pine nuts. **Zones:** 4-8 **H x W:** 20-35' x 10-15'

GOLDEN RAIN TREE
*Koelreuteria paniculata*
Unusual lantern-shaped seed pods in summer. **Zones:** 5-9 **H x W:** 20-30' x 25-35'
