

The Food and Drug Administration (FDA) reports no transmissions of the COVID-19 virus by food or food packaging. However, if a person infected with the virus coughed or sneezed while shopping in the supermarket, the virus could spread.

FOLLOW THESE PROCEDURES FOR CLEANING FRUITS AND VEGETABLES.

For sturdy fruits and vegetables

such as green beans, asparagus, cucumbers, and melons:

Rinse well under a high-pressure stream of water while rubbing them with your hands.

Dry in a clean strainer if necessary.
