Utah's National Summer School

Summer School at Utah State University is a refreshing and rewarding experience. The selected resident faculty is supported by distinguished faculty members from major universities across the nation.

With this staff, a liberal program of graduate and undergraduate offerings is scheduled in the Colleges of: Agriculture; Business and Social Sciences; Education; Engineering; Family Life; Forest, Range and Wildlife Management; Humanities and Sciences, and in the School of Graduate Studies. In addition to an extensive program of regular courses, there is a wide variety of workshops, clinics, conferences, seminars, and institutes which are conducted for shorter periods and provide numerous opportunities for the students.

The lecture series, the musicals, and the socials are among other attractions that provide additional stimulus.

Summer School at Utah State is accredited by the North Central Conference of Summer Schools, and provides
educational opportunities for all students from the recent high school graduate to the candidate for the doctor's degree. The school is organized to satisfy the needs of administrators, supervisors, elementary and secondary teachers, guidance counselors, and people in other professions and vocations.

Logan and Utah State University are fortunately located in beautiful Cache Valley, in the scenic center of America and amidst many wonders of the West. A complete program of campus recreation is provided for students and their families, under the direction of a recreation supervisor. Within five minutes of the University campus are scenic picnic areas in Logan canyon. You will want to make self-directed or conducted tours for a never-to-be-forgotten vacation. Come join us this summer.

Admission, Grades, Graduate Work

Students attending summer school should be prepared to meet regular admission requirements and present the required credentials, including transcripts of credit from schools previously attended.*

If you register in the School of Graduate Studies you must present proof that you have attained graduate status. Your transcripts will then show that you are enrolled in the School of Graduate Studies and that all courses numbered over 100 may carry graduate credit.

Grades and Grading

The Office of Admissions and Records will mail grades for both sessions of the Summer School following the close of second session. First session grades are not available before that time.

Four passing grades, “A,” “B,” “C,” and “D,” are employed in reporting credit. No grade lower than “D” can count toward satisfying credit requirements.

- "A" equals 4 points
- "B" equals 3 points
- "C" equals 2 points
- "D" equals 1 point
- "F" equals 0

*Temporary admission may be granted pending receipt of such credentials.

School of Graduate Studies

Work programs beyond the baccalaureate degree are offered during the summer quarter to meet a wide variety of needs for graduate study. Departmental course work is so organized to help you meet teacher certification requirements as well as in specific programs on the Master’s and Doctorate levels.

The Graduate Program

A majority of students attending the summer session at USU are graduate students. Many students in the physical sciences assist on contract or University research projects during the summer, using the results of research for their theses. Students in the biological sciences, particularly the applied phases, find the summer session a time when most field work can be done. A relatively cool summer climate and a wide variety of terrain and habitats make the area surrounding Logan particularly attractive for field work in geology, plant ecology and wildlife biology. Students of the social sciences and humanities find Logan in the summertime a pleasant place to live and study. The University summer program of lectures, art exhibits and theatre productions supplements their individual study programs. The
Several National Science Foundation Institutes for teachers provide courses that may be combined into regular Master of Education programs for teachers.

Many teachers attending summer session for recertification find it prudent to lengthen their stay to the full session, and apply the credit for recertification to the program for a second professional degree.

The Master of Education degree fills the needs of many teachers. It is offered with majors in:

- School Administration and Supervision
- General Administration
- Secondary Administration and Supervision
- Elementary Administration and Supervision
- Secondary Education, with specialization in selected teaching fields
- Elementary Education, with specialization in selected teaching fields

The program may be accomplished in three summers. During the first summer, the qualified graduate student may complete details relating to formal admission, supervisory committee, and definite program planning. The second summer may be devoted to appropriate course work and consultation. The third summer provides for concluding required classes, and/or the writing of the thesis or seminar report.

More specific information on all graduate programs may be obtained by writing to the University Information Service or the School of Graduate Studies for the graduate catalogue.

Graduate credits. If you desire graduate credit, you must first be admitted to the School of Graduate Studies. Prerequisites for admission are a bachelor's degree or its equivalent from an accredited institution and the permission of the department in which you wish to study. You may register for any course approved by your adviser and the Dean of Graduate Studies.

If you progress toward an advanced degree, a committee will be appointed to supervise your program and approve the courses you will take. Courses numbered below 100 may be taken only upon recommendation of your graduate committee.

Courses taken in the School of Graduate Studies for graduate credit will be so designated on the transcript furnished by the registrar.

any of these fee charges without advance
notice.

Directions For Registration

Registration for the Summer School
will be conducted according to the
following instructions:
Your load during Summer School
must be approved by the dean of the
college in which you enroll. A maxi-
mum of nine credits may be taken in
each session. This number may not
be exceeded without the approval of
your dean.

Registration will be conducted in
the Fieldhouse, Monday, June 19,
according to the following alphabetical
schedule:

A through E, 8 to 9 a.m.
F through K, 9 to 10 a.m.
L through R, 10 to 11 a.m.
S through Z, 1 to 2 p.m.

On June 19 you may enroll for both
sessions or just the first session. Regis-
tration for the second session may be
added at the beginning of the second
session on July 25. No special registra-
tion period is set aside for the second
session.

Steps in Registration Procedure

(See sample form on page 36)

Step 1. Obtain Registration Packets
Former students go to the reserved
seat section in the south end of the
George Nelson Field House. New
students go to table indicated by signs.

Step 2. Fill Out Trial Study List
Proceed to the tables provided and fill
out all data called for on the registra-
tion card including the listing of the
courses, if your proposed program of
courses has been approved by your
faculty adviser.

Step 3. Consult Faculty Adviser
Proceed to the basketball floor in the
George Nelson Field House, where
the faculty of the college divisions in
which you are registering will assist
you. Signs will direct you to the vari-
ous sections reserved for the college
divisions. New students who have not
been assigned to a faculty adviser will
go directly to their deans for this as-
ignment. Students who have received
their assignments to faculty advisers
will go directly to their advisers.
Step 4. Obtain Approval Of Your College Dean

After your program of studies has been approved by your faculty advisor, go to your dean for his signature of approval.

Step 5. Obtain Class Roll Cards

for all classes on your registration card. Class roll cards for classes that require approval of instructor (designated by “T” after title) will be obtained from the teachers concerned. Class roll cards for all other classes will be obtained from the departments concerned at the tables situated at the north end of the George Nelson Field House. The yellow class card will be signed and left with the department. The white class card will be turned in with the packet. Official class lists will be prepared from these cards and sent to teachers. Students whose names do not appear on the official class list will be liable to suspension.

Step 6. Have Registration Packets Checked

All students must have registration packets checked at the Admissions and Records checking tables in the north end of the George Nelson Field House.

Step 7. Obtain Fee Assessment

Go to the fee card table and obtain fee assessment card.

Step 8. Pay Fee at Cashier’s Window, Main Building 108

Activity cards are not valid until stamped by the Controller.

Step 9. Return Registration Packets

Proceed to the Admissions and Records desk in the Main Auditorium, Main Building, to deposit registration cards. Registration is not complete until packets have been turned in.

Veterans — deposit packets at Veterans Table in Main Auditorium. Training benefits payments begin on the day that registration is completed. Late registration is expensive.

Registration closes at the end of the second week. In the case of short courses, registration must be completed before the end of the course.

Changes in registration. Any change in the original registration must be recorded and approved on a change-of-registration form.

Courses may be added during the first two weeks, or dropped during the first three weeks, by obtaining the approval of the instructor and your dean.

Change of registration fee. No charge will be made for changes of registration during the first week of any course. One dollar will be charged for any change thereafter.

Schedule of Classes

In the following Summer School schedule of classes the departments are listed alphabetically. Within each departmental listing, the information from which you plan your schedule and register is given in the following sequence: Course number; course title; course description (given only if the title itself is not sufficiently descriptive); number of credits; session; instructor; building and room location; day and hour class meets.

The session is abbreviated as follows:

B – means both sessions
E – means either session
F – means first session only
S – means second session only

More complete descriptions of some of these courses are available in the USU General Catalog.

Summer School Special Events, Workshops

Major features of the Summer School program include short intensive workshops, conferences, institutes and seminars concerning many phases of education and living, with special directors in charge. These events are arranged for the most part on a time sequence basis.

Lecture Series

USU is again placing special emphasis upon the eleven o'clock Summer School Lecture Series which will be held Monday through Thursday during first session, June 19-July 21. Efforts have been made to secure for these programs some of the nation's most noted lecturers. Current world affairs, events of historical importance, and other timely topics will be presented.

Credit for the lecture series is optional. One hour of credit may be earned by registering for P.S. 170. No charge is made for the lecture series and the general public is encouraged and invited to attend.

Workshop for School Superintendents

June 12-16

John C. Carlisle, Marsden B. Stokes, Co-chairmen
Roald Campbell, Director

This workshop is planned in cooperation with the Utah Society of School Superintendents and the Utah State Department of Public Instruction. Emerging theories of school administration as they apply to the practical work of the superintendent will be the central theme. The workshop is open to experienced superintendents from Utah and other states and graduate students preparing for such positions. Two credits may be earned. Register for Education 246a.

Workshop in Education for the Gifted Child

June 12-16

Caseel D. Burke, Chairman

The workshop will consider ways and means of identifying gifted children in the elementary and secondary schools and providing satisfactory learning activities for them. Two credits may be earned. Register for Education 225a.

Coaching

June 12-16

Dale L. Gardner, Chairman
H. B. Hunsaker, Director

Two nationally recognized coaches will direct the Annual Coaching School June 12-19. Floyd B. (Ben) Schwartzwalder, Head of Syracuse University, will direct the program in football. Charles (Ozzie) Orsborn, Head Basketball Coach at Bradley University, will head up the basketball work for the Coaches' Clinic.

Registration for the thirty-fifth annual Coaching School carries one credit for each of two courses selected from the three courses offered during the week. There will be free golf privileges at the Logan Country Club for those enrolled in the Coaching School. Activities include a canyon party and a coaches' banquet. In addition, coaches will find many other recreational activities in which to participate, including fishing in famed Logan Canyon. Advance reservations for the school should be made with the Director of Athletics.
Conference of Teachers of Vocational Agriculture
June 12-16
Stanley S. Richardson, Chairman
Mark Nichols and Elvin Downs, Consultants

The teachers of vocational agriculture in Utah will meet on the University campus for their annual conference. Consideration will be given to new developments in the farmer training program of youth and adults and revision of the instruction program to meet changing conditions.

Workshop in Elementary School Administration
June 12-16
Arthur D. Jackson, Chairman
Vincent Rogers, Director

This workshop is planned in cooperation with the Utah Elementary School Principals’ Association. It will occupy the full time of the participants for one week, June 12-16. The workshop will deal with selected problems in elementary school administration and supervision, particularly in the area of building the curriculum to meet the challenge of the 60’s. Invitation is extended to out-of-state elementary school principals and supervisors. Two credits may be earned. Register for Education 206e.

Workshop in Business Education

Elementary Art Workshops
June 19-July 7
H. H. Reynolds, Director
American Fork, Sandy and Utah State University Campus

These workshops will be held concurrently in three centers, American Fork, Sandy and Utah State campus, June 19-July 7, under the direction of Professor Reynolds with several visiting faculty members cooperating. They are planned to give teachers an opportunity to explore background material and to formulate a philosophy of art education suited to the learning needs of pupils in the art program.

The workshops will give art instruction on the grade level in which the teachers instruct. Three to five credits may be obtained. Students register for FA-A 153 (for first time students) or FA-A 154 for students repeating the course.

American Legion Auxiliary Girls State
June 11-18
Helen Howard, Director

USU is again pleased to host the annual Utah Girls State. This Conference under the direction of the American Legion Auxiliary is held to provide for young women education and practical application in the duties, privileges, rights, and responsibilities of American Citizenship. University faculty members cooperate in arrangements, contribute to the lecture series, and participate in recreational activities. The Student Union will again serve as headquarters for this conference.

Counseling and Guidance Institute
June 19-July 21
Arden Frandsen, Chairman

This short-term institute is designed to improve the qualifications of secondary school counselors in, (a) understanding the role and limitations of standardized tests in the identification, counseling, and guidance of able secondary school students, (b) appreciation of the role of tests in the discovery and identification of important human resources, (c) developing competency in the interpretation and use of tests in relation to other pertinent data of the students, (d) improving accuracy in the interpretation of test scores and profiles, and (e) enhancing confidence, discrimination, and effectiveness in the use of tests in counseling.

Participants will be selected by the Institute committee.

Education for the Mentally Handicapped
June 19-July 21
Heber C. Sharp, Chairman
Reed C. Durham, Director

Participants in the workshop will meet daily with Mr. Durham in a one-hour class. They will also have opportunity to observe a demonstration school for mentally handicapped chil-
dren from the intermediate and junior high school ages. Mr. Durham will teach this demonstration group. Students wishing to earn 3 credits only will enroll for Education 132. Additional credit may be earned by enrolling for Education 155. Enrollment in the workshop is limited. Interested participants should send applications in advance to Dr. Sharp.

Workshop in Remedial Reading
June 19-July 21
Evelyn Wiggins, David R. Stone, Co-chairmen
Una Smurthwaite, Director

This workshop is planned for teachers of children with reading disabilities. A demonstration class of retarded readers will be taught by Miss Smurthwaite. Participants in the workshop will be assigned to observe this class. They will also have opportunity to work with individual children under guidance. It is recommended that participants enroll for two courses, Education 142 and 143a, totaling 6 credits.

National Science Foundation Institutes
June 19-August 25
Neville C. Hunsaker and Joe Elich, Directors

During the regular summer session, the National Science Foundation will support two Summer Institutes for secondary school teachers. One of these will be an Institute for Junior high school teachers of general science and mathematics including instruction in mathematics, physics, and biology. The other Institute will be for high school teachers of mathematics and will offer three basic courses in mathematics. In each of these two programs the National Science Foundation will offer stipends to fifty teachers averaging over $1100 per teacher for the 10 weeks of study.

Workshop and Laboratory Experience in the Organization and Administration of a Play School
June 19-30
Virginia Harder, Chairman

Designed primarily for Junior high school and High school Home Economics teachers. Two credits may be earned. Register for FLCD 290.

Music Festival and Clinic
June 19-30
Max F. Dalby, Chairman

USU’s Summer Music Festival and Clinic serves two functions: High school students have an opportunity to broaden their musical understanding and experience; music teachers, supervisors, and university students have the opportunity to observe the instruction of high school students while pursuing advanced work in their respective fields. A maximum of three-hours credit may be earned by teachers registered for the clinic.

Weight Control Conference
June 21-July 19
E. B. Wilcox, Chairman

This conference is planned for anyone, man or woman, who is interested in controlling his weight. A series of five weekly meetings will be held on Wednesday at 3 p.m. with different leaders for each discussion period. The leaders will include members of the Food and Nutrition staff, a medic, a physical therapist, and others.
Workshop in International Folk Dance
June 26-30
Lois Downs, Chairman
Mirian Lidister, Director

The purposes of this Workshop are: (1) to teach folk dance, music and traditions on the basis of a thorough understanding of fundamental movement and rhythm as applied to all dance, and (2) to develop a flexible teaching progression.

The program will include: fundamentals of movement and rhythm; teaching progressions in folk dance; history, traditions, and culture; Balkan folk dance and music; and intermediate and advanced international folk dance featuring new materials.

Rocky Mountain Conference on Aging in the Modern World
June 28-July 1
R. W. Roskelley, Chairman
Irene Williams, Consultant

This Conference is sponsored by various departments in the College of Business and Social Sciences, Family Life, Education, and the Extension Services of USU, also, with the cooperation of educational institutions, church groups, welfare agencies, and aging, civic and professional groups.

The year's Conference is the first of a series that is planned covering several years. The theme for the 1961 Conference is Orientation, Education, and Organization. The orientation phase will cover the different topics that were developed by the various state committees on Aging in Utah, and also the topics discussed at the White House Conference on Aging.

Workshop sessions will be held in the fields of education and organization. It is planned that a handbook of operations will be developed in these workshops that will give suggestive contents, operational procedures, and resources for developing programs for the aging in Utah. Subsequently, more emphasis will be placed on other topics such as health, housing, finance, leisure time, and vocations.

An audit fee of $1.50 will cover the cost of workshop proceedings. Persons desiring credit may register for the one hour course, Sociology 204, Workshop on Aging. The course FL and CD 185, The Family in Middle and Later Years, is highly recommended for students.

Workshop for Science in the Elementary School
June 26-July 21
Thomas Taylor, Chairman
Cecilia J. Lauby, Director

Participants in this workshop will investigate resources for science in the elementary grades and will study ways and means of implementing them in the curriculum. W. Dale Waters, President
M. R. Bills, Executive Secretary
Dean C. Hall, Adjutant
Edwin L. Peterson, Liaison Officer

Utah Boys' State, sponsored by the American Legion, Department of
Utah, as part of its Americanism program, gives 500 boys from all parts of Utah an intensive training program in the operation of American government from the city to the national level.

The boys are organized into city, county, state, and national groupings, elect officers, hold a mock legislature, and operate their own government under the direction of Legion counselors and volunteer government officials. The week is climaxed with the election of a Boys’ State Governor and two senators to represent Utah at the National Boys’ State in Washington, D. C.

**Modern Dance Clinic**

**July 10-21**

*Jane McKinnon, Chairman*

*Gertrude Shurr, Instructor*

A clinic in modern dance will be offered by the Department of Health, Physical Education and Recreation which is especially designed for high school and college students, to encourage participation at all levels of experience. Course content will stress chiefly techniques and composition of the modern dance.

The Summer Dance Clinic invites all young dance enthusiasts in the intermountain region to study with the finest instruction.

Classes will meet daily 9-11 a.m. and 2-4 p.m. daily, MG. Register for PE 54, 3 credits.

**Workshop in Delinquency Prevention**

**July 25-28**

*Albert Pennock, Chairman*

*William C. Kvaraceus, Consultant*

*Edith Bowen Auditorium*

This workshop is designed to train the teacher, parent, and youth leader in those skills necessary to recognize in the child traits which could lead to delinquency. The workshop will have application not only to the public school teacher, but also to church teachers and leaders of youth in any capacity in which observation of youth behavioral patterns is made. William C. Kvaraceus, the consultant, is the director of the Juvenile Delinquency Project of the National Education Association, which recently published two volumes on “Delinquent Behavior.” Other participants will include national and local authorities in the areas of early recognition of emotional problems in children which could lead to delinquent behavior.

This workshop is a joint offering of the Departments of Sociology, Psychology, Family Life, and other USU departments and community agencies. Participants desiring credit may register for Sociology 177, for one credit.

**Family Life and Youth Leaders Workshop**

**August 7-19**

*Dorothy T. Dyer, Chairman*

*Mildred O. Morgan, Workshop Leader*

*Elizabeth S. Force, Workshop Leader*

This workshop is designed for PTA personnel, students, youth leaders, community leaders, and staff from welfare and educational institutions concerned with family life education. Consideration will be given to motivation, teaching methods, content, and ways of improving community resources. Youth and leader delegates will be selected by the PTA and community leaders.

**August 9-10**

*Irving Wassermann, Director*

This workshop is designed for teachers and advanced students.
Course work will emphasize basic harmony, piano instructional methods, memorization, developing tone and technique, building repertoire, and a survey of teaching materials. The workshop meets from 9 a.m. to 4 p.m. One hour credit.Fee is $13.

Marriage Counseling Workshop For Professional Persons
August 16-18
C. Jay Skidmore, Chairman
David R. Mace, Workshop Leader

Problems of supervisors and marriage counselors will be shared and analyzed through discussion of concepts of diagnosis, personality, theory, public relations, healing process, and evaluation areas of study by the marriage counselors from private and public agencies participating in the workshop.

Workshop in Education Research
August 14-25
Walter R. Borg, Chairman
Roy M. Hall, Director

Designed for district research personnel, college faculty members, and advanced graduate students, this workshop will provide a valuable insight into modern educational research. Current trends in research, design of educational research projects and sources of financial support are among the topics to be explored. The workshop will include group discussions, practice in project development and individual conferences with Roy Hall, workshop director. Dr. Hall, Professor of Education at the University of Texas, is former Assistant Commissioner for Research in the U. S. Office of Education. His leadership in this position has been a major factor in raising the national stature of educational research to a new high level of quality and prestige. This workshop provides a rare opportunity for persons interested in the rapidly expanding field of educational research. It will carry two credits. Enroll for Education 268.

Management Development Seminars
C. D. McBride, Chairman

Seven Management Development Seminars will be an important feature of the Summer School program again this year. Each seminar will last four days. The schedule is as follows:

June 12-15 Problems of Handling People on the Job.
June 19-23 Using the Conference Method in Management and Group Development.
June 26-29 Management Game; Simulated Practice in Managing a Business.
July 10-13 Recent Key Cases in Management-Labor Relations.
July 17-20 Management of Customer Credit and Collections.
July 31-August 3 Problems of Financing a Small Business.
August 7-10 Solving Inventory Control Problems.

Outstanding leaders in the different phases of management will conduct the seminars. Groups will range from 15 to 25 members, thus assuring maximum participation and individual development.

The fee will be $50 per person for each seminar. This will include books and supplies and a luncheon meeting on the final day when certificates will be awarded. Sessions will be held from 9 a.m. to 4 p.m. daily with an hour out for lunch. Late afternoon and evening hours will be free for recreation, special meetings and study.

The seminars deal with practical problems in management. The guid-
ing philosophy behind them is the idea that the profession of management is best taught by leaders who practice management successfully. A certificate is awarded to each person completing a seminar. This is a "beyond the classroom" program of education for people in management work in business, industry, government, education and public affairs. It does not carry credit toward a degree, but it prepares for better performance on the job.

Student Services

Demonstration School

The Edith Bowen School will conduct a demonstration school during the first session, June 19 to July 21. Seven class groups will be included, grades kindergarten through six. Parents desiring to enroll their children in the school are asked to write to Principal Arthur D. Jackson at USU. Registration fee is $10 per child.

Student Union

The informal atmosphere of the spacious Student Union building offers Summer School patrons an opportunity for relaxation and recreation. Cool air from the Union's modern air-conditioning plant makes participation in the numerous activities a pleasure and a ready refresher from the summer heat. Here the Student Information Hostess will be stationed to provide information and assist with tours, picnics, and other programs.

Food Service

The cafeteria provides wholesome and tasty food at reasonable prices. It will be operated during both summer sessions. In addition, the snack bar will offer short orders and fountain treats during the first session. Capable, experienced cooks are available to supply Summer School needs for special meals, banquets, picnics, and teas.

Student Health Service

Facilities of the Student Health Service will be available to Summer School students. These consist of the services of a registered nurse and a physician in the Health Center located in room 1 of the Union Building, and are limited to such medical care as that customarily rendered in a doctor's office. The following services are available: Consultation on health matters; office care for minor emergencies; initial care and first aid treatment for serious emergencies; medical advice as to need of further consultations and specialized treatment in the more difficult problems beyond the scope of the Health Service; and such routine inoculations and immunizations as may be required.

House calls will be made during normal office hours, if requested at the Health Service. Calls made after hours will be charged for at the rate of $2 per call.

Office hours: 9:00 to 11:00 a.m. each week day, except Saturday.

Other hours by appointment.

Emergencies On call. Call: Health Center, tel. SK 2-4100, Ext. 435; University physician, residence tel. SK 2-2240; Nurse's residence, tel. SK 2-0258.

Services of a private physician, or of the hospital, are at the student's own expense.

It is highly recommended that students purchase the voluntary accident and sickness insurance available to them as a protection against expensive medical care that might be needed.
beyond the limitations of that which can be provided by the Student Health Service.

Parking Car Service

The University reserves certain areas for parking autos. Summer school students will be charged a fee of $1 for space in the reserved parking area. This fee will be paid at the time of registration.

United States Postal Service

The University enjoys a branch U.S. Post Office. Students may have their mail sent General Delivery, USU Branch Post Office, Logan, Utah, or they may rent a special box for the duration of Summer School.

Student Information Center

During both summer sessions a Student Information Hostess will be stationed in the lobby of the Student Union Building. This hostess will provide recreation information brochures of all types, help you plan your weekend trips, keep you informed of campus educational and recreational activities and in other ways contribute to making the Summer School profitable and enjoyable for you.

Recreation

Steak Fries

One of the recreational highlights of Summer School is the "Steak Fry" for students and faculty members. One pound tender steaks with all the trimmings are served in one of the beautiful picnic areas of Logan Canyon. A steak fry is scheduled for each of the two sessions. Smaller groups may make reservations to fit their schedules and appetites.

Ranch Breakfast

An early breakfast in the crisp morning air featuring western style cooking is another delightful attraction of the Summer School. Here you will find food galore served in the atmosphere of old western hospitality.

Hikes

Once each year students, faculty, and families make the traditional climb to world-famous Old Juniper, one of the oldest living Juniper trees in the world, (3400 yrs.). All who successfully complete the climb will be presented certificates of membership in the Old Juniper Club. The afternoon will be climaxed with a weiner roast and campfire program.

Information concerning many other popular hikes may be obtained from the student hostess in the Student Union Building.

Tours

No guided tours are scheduled for Summer School groups. Increased emphasis will be given to self-directed tours. Brochures describing Yellowstone Park, Southern Utah Parks, Bear River Bird Refuge, Thiokol, and numerous other short and weekend trips may be secured from Information Services in the Student Union. The Student Hostess will be pleased to help you plan your excursions.

Fishing

Logan River, just a few minutes from the Campus, annually produces more fish than any other comparable stream in the State of Utah. Any of the many veteran fishermen along the stream can give proof that fishing is good and advice on the best bait of the day. A fishing license is required.

Lund Hall. Accommodations for 100 women, two per bedroom, are available in this Conventional residence hall during the first term of Summer Session only, June 19 to July 21. Bedding is furnished. There are no private rooms. Meals will be available in the Student Union Building. Room rates are as follows:

Daily rate: $2.50 first night, $2.00 each night thereafter; weekly rate: $8.00; session rate: $40.00. Students interested in on-campus accommodations should use the form provided in this catalog and make application early.

Off-Campus Housing

The Office of Student Housing coordinates off-campus housing facilities with local home owners. Current listings of housing facilities are maintained in the Housing Office, room 130, Main Building. It is suggested that students secure a list of facilities upon arrival at the University and make arrangements with home owners. Many apartments, rooms, board and room, and batching quarters are available in the community. Rates are determined by the accommodations offered and range from $55 to $70 per month for board and room, $15 to $25 per month for a single room, and $40 to $70 ($20-$25 per month per person) for apartments. Many students arrange for off-campus housing and eat at the University cafeteria. Laundromat service is available in several areas in Logan.
