ANNUAL RESEARCH ACTIVITIES, 2000

Keith R. Criddle

ABSTRACT

The research activities described in this document were supported by the Utah State University Economics Research Institute (ERI) in 2000. The ERI was founded in 1965 to support cooperative research to assist in the solution of local, regional, and national economic problems. Base support for the ERI has been provided by the Utah Agricultural Experiment Station. Project funding has been secured from state, federal, and international agencies and organizations. Boldface type is used to identify Utah State University Economics Department faculty and staff.
