ACKNOWLEDGMENT

My sincere thanks are due to Dr. John Philip Dalby for his many valuable suggestions concerning this composition.

David Chugg
FORWARD

This thesis is written as an experiment in instrumentation and the factors of technical limitations of the typical Class C high school band. The criteria used in determining the instrumentation and the difficulty of the composition are certain findings with regard to grading of high school band music as found in John Philip Dalby's Doctoral Dissertation, A STUDY OF INSTRUMENTATION, MUSICAL ACTIVITIES AND TECHNICAL COMPETENCE AS FACTORS IN ARRANGING FOR HIGH SCHOOL BAND.
